

AAAAI American Academy of
Allergy Asthma & Immunology
ANNUAL MEETING
PHOENIX, AZ · FEBRUARY 25–28, 2022

**Difficult to Control
Asthma**
#AAAAI22

Continuing Education and Accreditation

Two types of continuing education credit will be available for participants in the 2022 AAAAI Annual Meeting: *AMA PRA Category 1 CME Credits™* for physicians and Continuing Education (CE) contact hours for nurses. Not all Virtual Annual Meeting sessions may offer credit, and of those that do, not all may offer both CME and CE.

Credit Claiming: Continuing education credits and attendance certificates can be claimed online beginning Friday February 25, 2022 using the link provided on the Annual Meeting website. Credit claiming will be available through December 31, 2022.

Physicians – Continuing Medical Education (CME) Credits

Accreditation Statement

The American Academy of Allergy, Asthma and Immunology (AAAAI) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The AAAAI designates this Other activity (combination of live activity and recorded online content) for a maximum of 290.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American Medical Association has determined that physicians not licensed in the U.S. who participate in this CME activity are eligible for *AMA PRA Category 1 Credits™*.

Target Audience

The AAAAI Annual Meeting is designed for clinicians, researchers, trainees/students and allied health professionals involved and/or interested in the study of allergy, asthma and immunology.

Program Objective

Upon completion of the AAAAI Annual Meeting, participants should be able to discuss the latest advances in the research, diagnosis and treatment of allergic and immunologic disease. Please refer to the individual session descriptions in this program for session-specific learning objectives.

ABAI – Continuing Medical Education (CME) Credits

The American Board of Allergy and Immunology (ABAI) requires diplomates to attest to obtaining 25 *AMA PRA Category 1 CME Credits™* in allergy/immunology each year. AAAAI reports all CME credits it issues to physician learners to the ABAI on a quarterly basis, to be posted in learners' diplomate portals. For more information about credit requirements for ABAI Maintenance of Certification visit the ABAI website at <https://abai.org/cme.asp>.

Allied Health – Continuing Education (CE) Credits

Nurses – Continuing Education (CE) Contact Hours

The American Academy of Allergy, Asthma & Immunology (AAAAI) is a Provider, approved by the California Board of Registered Nursing, Provider #10704, for up to 290.25 Contact Hours.

Medical Administrators

Practice administrators who attend the 2022 AAAAI Annual Meeting may apply for credit through the American College of Medical Practice Executives (ACMPE). For additional information, please contact the Medical Group Management Association at www.mgma.com.

Advanced Practitioners

The AAPA, ANCC and AANP accept reports from advanced practitioners of their participation in activities offering *AMA PRA Category 1 Credits*[™] for continuing education and credentialing purposes. For more information, please contact the appropriate organization.

Pharmacists

Pharmacists are encouraged to contact their state boards of pharmacy to determine if reports of participation in the 2022 AAAAI Annual Meeting are accepted for re-licensure.

Registered Dietitians

The Commission on Dietetic Registration accepts reports from registered dietitians of their participation in activities offering *AMA PRA Category 1 Credits*[™] for continuing education and credentialing purposes. Contact the CDR for details on how to report completion of these activities.

Target Audience

Health care professionals who assist with and provide care to persons with asthma, allergic and immunologic diseases, specifically: RNs, LPNs, nurse practitioners, physician assistants, respiratory therapists, medical technologists, medical assistants, clinical research coordinators, and practice managers/administrators.

Learning Objectives

Upon completion of the AAAAI Annual Meeting, participants should be able to discuss and expand upon the latest advances in medications, equipment and procedures necessary to promote health for their patients; describe and discuss new therapies, information, patient care and education in the field of allergy, asthma and immunology; identify new approaches to clinical research which will improve efficiency and effectiveness; and discuss coding and other administrative aspects of a medical practice. Please refer to the individual session descriptions in this program for session-specific learning objectives.
