

Raymond G. Slavin, MD, MS, FAAAAI Lectureship (1st year)

MONDAY, MARCH 3

9:30 - 11:00 am

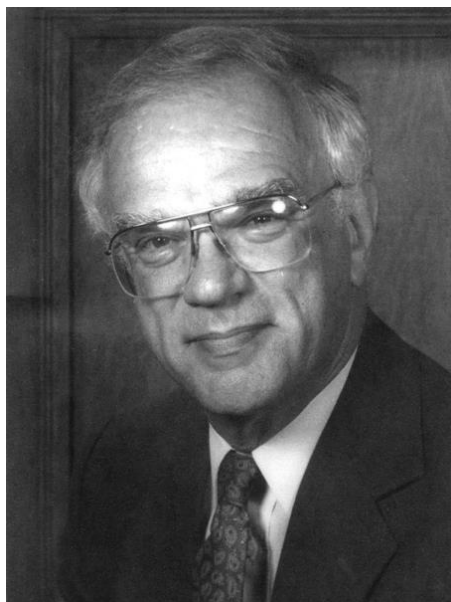

Changes to Asthma Management in an Ever-Changing World

Convention Center, Ground Level, Hall C

Lecturer: Alan Baptist, MD, MPH, FAAAAI

Implementation of Asthma Guidelines in an Ever-Changing World

Raymond G. Slavin, MD, MS, FAAAAI

Raymond Slavin, MD, MS, FAAAAI, is Emeritus Professor of Internal Medicine and Microbiology, and Emeritus Director of Allergy and Immunology at Saint Louis University School of Medicine. An author or contributing author of more than 400 publications, abstracts, and chapters, his research interests have included the pathogenesis of allergic bronchopulmonary aspergillosis, relationships between the upper and lower airway (particularly sinusitis and asthma), inner-city asthma and asthma in the elderly.

His past service includes terms as President of the American Academy of Allergy, Asthma and Immunology; member, Board of Directors of the American Board of Allergy and Immunology; member,

Allergy and Immunology Residency Review Committee (RRC) of the American Council of Graduate Medical Education; member of the Immunological Sciences Study Section of NIH; Chairman of the Board of the Asthma and Allergy Foundation of America (AAFA) and founder of the St. Louis Chapter of AAFA. He also has received the Distinguished Clinician Award from the American Academy of Allergy, Asthma, and Immunology; the Gold Headed Cane Award from the American College of Allergy, Asthma, and Immunology; and the Lifetime Achievement award from St. Louis Business Journal.

Dr. Slavin had his undergraduate training at the University of Michigan, Ann Arbor, and obtained his MD degree from Saint Louis University. After an internship at the University of Michigan and Internal Medicine residency at Saint Louis University, he was an NIH fellow in Allergy and Immunology at Northwestern University Medical School where he received an MS in Internal Medicine. In 1965, he returned to Saint Louis University School of Medicine as a full-time faculty member and Director of the Division of Allergy

and Immunology in the Department of Internal Medicine. In 2012, he became Professor Emeritus and continues his involvement with the Division. He has attended 60 consecutive annual meetings of the AAAAI. In his 90s, he continues to see patients and teach in an inner-city free clinic in St. Louis.

In 1995, he received the Distinguished Service Award from the American Academy of Allergy, Asthma, and Immunology and in 2002 became a Master of the American College of Physicians.

Alan Baptist, MD, MPH, FAAAAI

Alan Baptist is a Professor in the Department of Internal Medicine and is the Division Head of Allergy and Clinical Immunology at Henry Ford Health. He holds joint appointments at both Michigan State University Department of Medicine and the University of Michigan School of Public Health. He previously served as the University of Michigan Program Director for the Allergy/Immunology Fellowship Program for nearly 10 years. Dr Baptist obtained his medical degree from Loyola University of Chicago and a Master of Public Health degree from Wayne State University. He completed his internship, residency, and fellowship at the University of Michigan in Ann Arbor. He holds multiple grant awards from agencies such as the NIH and the

American Lung Association and was a previous awardee of a AAAAI Faculty Development Award. He was a member of the NHLBI 2020 Asthma Guideline Update Committee.

Dr. Baptist has a particular interest in health disparities in asthma, asthma in older adults, and the implementation of asthma guidelines into practice. He has utilized technology, including mobile apps, fitness trackers, and text messages, to improve outcomes.
