

AAAAI Foundation and David S. Pearlman, MD, FAAAAI Lectureship: Contributing to Discovery and Education

The AAAAI Foundation is pleased to announce the establishment of the David S. Pearlman, MD FAAAAI Lectureship: Contributing to Discovery and Education. Dr. Pearlman's distinguished career has featured nearly a thousand clinical trials, extensive publishing and outstanding patient care. He is truly a leader in the field.

Dr. Pearlman is a co-founder of Colorado Allergy and Asthma Centers, which today serves over 48,000 patients. Since the clinic's inception in 1972, Dr. Pearlman has been a principal investigator in the Denver Research location, with nearly a thousand clinical Phase I-IV pharmacotherapeutic trials. He has published over 150 articles and texts to inform physicians concerning advances in the field, and is the co-author of three editions of the textbook entitled Allergy, Asthma, and

Immunology from Infancy to Adulthood.

Dr. Pearlman has been honored with the American Academy of Allergy, Asthma & Immunology's Distinguished Clinician Award and has received awards for outstanding contributions to the field of allergy and immunology by the American Board of Pediatrics, University of Colorado Medical School and the Joint Allergy and Asthma Task Force. He has served in leadership positions with the American Board of Allergy and Immunology and the Clinical Research Network.

Dr. Pearlman attended Cornell University and received his Doctor of Medicine from the State University of New York at Syracuse. He went on to train in pediatrics at the University Hospitals of Cleveland and at the University of Colorado Health Sciences Center, where he also had a post-doctoral fellowship in immunology. After a fellowship in pharmacology at the National Institute for Medical Research in London, England, he returned to the University of Colorado Medical School as Director of Pediatric Allergy and Co-Director of the conjoint UCMS/National Jewish/NIH-funded conjoint fellowship in Pediatric Allergy and Immunology.

Dr. Pearlman maintains an academic appointment at the University of Colorado Medical School as a Clinical Professor of Pediatrics. He continues to be active in allergy and asthma research authorships, critical reviewings and consulting.

The AAAAI Foundation and David S. Pearlman, MD FAAAAI Lectureship: Contributing to Discovery and Education will be presented in Plenary 1601: SARS-CoV2 Vaccine Development and Testing by Lindsey Baden, SARS-CoV2 Vaccine Clinical Trials: Moderna: NIAID Vaccine on Friday, February 26, 1:10 pm – 2:40 pm.
