AAAAl Foundation and David S. Pearlman, MD, FAAAAI Lectureship: Contributing to Discovery and Education

The AAAAI Foundation and David S. Pearlman, MD FAAAAI Lectureship: Contributing to Discovery and Education will be presented by Kimberly J. Arcoleo, PhD MPH in session 3521 National Heart, Lung, and Blood Institute (NHLBI): Innovation in School-Based Asthma Care in Convention Center, North Building, 100 Level, Room 120A on Sunday, February 27 at 1:15 pm

David S. Pearlman, MD FAAAAI

The AAAAI Foundation is pleased to announce the establishment of the David S. Pearlman, MD FAAAAI Lectureship: Contributing to Discovery and Education. Dr. Pearlman's distinguished career has featured nearly a thousand clinical trials, extensive publishing and outstanding patient care. He is truly a leader in the field.

Dr. Pearlman is a co-founder of Colorado Allergy and Asthma Centers, which today serves over 48,000 patients. Since the clinic's inception in 1972, Dr. Pearlman has been a principal investigator in the Denver Research location, with nearly a thousand clinical Phase I-IV pharmacotherapeutic trials. He has published over 150 articles and texts to inform physicians concerning advances in the field, and is the co-author of three editions of the textbook entitled Allergy, Asthma, and Immunology from Infancy to Adulthood.

Dr. Pearlman has been honored with the American Academy of Allergy, Asthma & Immunology’s Distinguished Clinician Award and has received awards for outstanding contributions to the field of allergy and immunology by the American Board of Pediatrics, University of Colorado Medical School and the Joint Allergy and Asthma Task Force. He has served in leadership positions with the American Board of Allergy and Immunology and the Clinical Research Network.

Dr. Pearlman attended Cornell University and received his Doctor of Medicine from the State University of New York at Syracuse. He went on to train in pediatrics at the University Hospitals of Cleveland and at the University of Colorado Health Sciences Center, where he also had a post-doctoral fellowship in immunology. After a fellowship in pharmacology at the National Institute for Medical Research in London, England, he returned to the University of Colorado Medical School as Director of Pediatric Allergy and Co-Director of the conjoint UCMS/National Jewish/NIH-funded conjoint fellowship in Pediatric Allergy and Immunology.
Dr. Pearlman maintains an academic appointment at the University of Colorado Medical School as a Clinical Professor of Pediatrics. He continues to be active in allergy and asthma research authorships, critical reviews and consulting.

**Kimberly J. Arcoleo, PhD MPH**

Kimberly Arcoleo, PhD, MPH is a health services researcher who earned her Master’s in Public Health and doctorate in Health Services Research from the University of Rochester School of Medicine and Dentistry. Her program of research focuses on multi-level investigations of health disparities among ethnic minority and under-served children with asthma and testing novel interventions to address cultural beliefs and practices, symptom perception, medication adherence, case management, and use of telehealth. Dr. Arcoleo has built a stellar interdisciplinary team of research collaborators in Phoenix, AZ, Bronx, NY, Columbus, OH, Greensboro, NC and Providence, RI from the fields of nursing, clinical psychology, public health, social work, education, respiratory therapy, allergy & immunology, pediatrics, and pediatric pulmonology.
