Metro Birmingham, Alabama

Alabama Allergy & Asthma Center is a well-established (est. 1960) single specialty allergy practice with eight locations and 18 providers. We are seeking a career Allergist to join our growing practice in Birmingham, Alabama. Birmingham is a growing city of over 1.2M people in the metro area. We have an extremely favorable climate, cultural activities and a world-renowned medical center, The University of Alabama at Birmingham (UAB).

We are a well-established private practice in Alabama with 8 locations seeking an allergist for several of our locations. If you are a Board-Certified, or Board Eligible Allergist/Immunologist who is committed to excellence in patient care please consider joining our thriving practice. We have a large and growing pediatric and adult practice with varied patient population and a broad spectrum of allergic and immune diseases. Our offices are warm, friendly and caring. Hours are four days per week, no weekends, and rotating on-call coverage only 2-3 weeks per year. Staff will be provided and will include an RN, Medical Assistant and a Scribe. Additional staff will be provided as needed. We have a central immunotherapy mixing department, central billing and central call-center. We provide a generous salary and comprehensive benefit package, including 401K. This is an excellent opportunity for a hard-working, highly motivated individual who is personable and builds good working relationships with colleagues, staff, patients and referring physicians. This is an opportunity for a great quality of life and to work with a highly respected and innovative practice. If you are a board certified or eligible allergist and are interested in this opportunity, please e-mail your curriculum vitae to for consideration. We look forward to hearing from you.

Our ideal candidate is interested in having a work-life balance working 36-40 patient hours per week and a 4-day work week. Our providers practice between several locations throughout the Birmingham area. Our patient base ranges from infant to geriatric. We are the leaders in allergy care, the largest allergy practice in Alabama, and one of the largest in the Southeast. Our practice is professionally managed with an experienced and effective management, technology and Human Resources team.
