Position available: Pediatric/Adult Allergist

Job Description:
Established Manhattan-based allergy practice with 3 locations has an opening for a well-trained Board-certified or Board-Eligible Allergist. If you are looking for a thriving, dynamic, patient-centered single-specialty group practice then we are the place for you!

The ideal candidate must be board certified in Pediatrics or Internal Medicine and be Board-Certified or Board-Eligible in Allergy & Immunology and have, or be able to obtain, a NYS license. We seek someone who loves building relationships with patients, colleagues and referral sources as well as possesses strong communication and clinical skills.

Essential duties include:
• Diagnose and treat allergic/immunologic conditions in children and adults
• Deliver excellent quality care
• Be a team player
• Foster and build relationships with current and new referral sources
• Enjoy teaching medical students and residents in our office from major NYC university hospitals and medical schools

We Offer:
• A collegial environment
• Monday to Friday Schedule
• Competitive salary and incentive bonuses
• Paid time off, 401k and Health Benefits
