Guidelines For Support

Supporting an event or educational activity not only offers a more rewarding experience for attendees, it maximizes your company's visibility. Support is not limited to these suggestions; the AAAAI encourages new and creative ideas that contribute to the quality of the meeting.

Right of First Refusal

AAAAI adheres to a right of first refusal process for companies who have supported particular programs or activities the previous year. This means that the 2024 Annual Meeting supporter is given the option of confirming support of the same program or activity at the 2025 AAAAI / WAO Joint Congress before sponsorship of that function can be offered to another company. Because some activities cannot happen without support, it is necessary to confirm funding at the earliest possible date in order to stay ahead of planning schedules. Previous sponsors, therefore, have until October 16, 2024, to confirm their interest in supporting the same sponsorships for the 2025 AAAAI / WAO Joint Congress.

Satellite Events

The policies outlined in this brochure represent the only acceptable method for the provision of educational sessions at the Joint Congress. Satellite sessions, social events or those planned without the input or invitation of AAAAI, are not permitted before, during or after the Joint Congress.

Working with Third Party Vendors

A corporate partner may wish to designate a marketing firm, communications/medical education company or other third party vendor to act on its behalf in coordinating aspects of their support of a Joint Congress sponsorship or activity. In all cases, AAAAI prefers working directly with the corporate partner, but will work with a third party vendor once support is confirmed in writing and a three-party letter of agreement is signed by all parties involved. To initiate this process, the corporate partner should submit a request in writing to AAAAI. The request should include the following:

- The name and contact information of one contact at the third party vendor.
- A detailed list of the programs and tasks the third party vendor will assume.

Advertising Opportunities

Advertise with Impact

The Special Joint Congress Edition of *Impact*, the AAAAI's quarterly digital membership magazine, is delegates' trusted resource for the latest Joint Congress news and updates.

This edition of the magazine is a great value and venue for product placement, and will be emailed to members prior to the Joint Congress.

Extend the reach of your Joint Congress visibility by securing space in this publication. Contact our Communications Team at (414) 272-6071 or media@aaaai.org for pricing and placement availability.

Educational Grant Opportunities

Certified CME Grant Opportunities

The AAAAI is accredited by the Accreditation Council for Continuing Medical Education (ACCME) and abides by ACCME's Standards for Commercial Support in the development of educational activities. Companies that support an educational session cannot be involved in the development or execution of the presentations. This includes selecting the content, faculty and format of the session. In addition, the AAAAI retains control of all capture and production of Joint Congress educational content for enduring materials, and reserves the right to serve as the accredited CME provider for all CME enduring materials associated with the Joint Congress.

Support for educational sessions will be used to cover program costs, such as speaker honoraria, travel expenses and audio/visual equipment rental.

Commercial interests that provide educational grants are subject to the reporting requirements of the CMS Open Payments Program.

Recognition

Corporate support of educational sessions is recognized in promotional materials associated with the Joint Congress which may include:

- Final Program
- Signage
- Website
- Commercial Support Report

All attribution for educational sessions is as follows:

"Programmed by the AAAAI. Funded through an educational grant from [company name]."

In accordance with ACCME Standards, the AAAAI will not allow corporate or product-specific advertisements, invitations to events and/or promotional campaigns associated with any educational session. Additionally, companies may not engage in any activity to drive attendance to a specific educational session.
