The Division of Allergy and Immunology at Mayo Clinic is seeking a board-certified or board-eligible candidate to join our practice at our Rochester, Minnesota campus.

The successful applicant will have demonstrated a strong clinical background in this specialty and show interest in clinical research and education. Patient care is performed in a team-based model within the division and multi-specialty collaboration is a cornerstone of the practice. Specific responsibilities of this position include outpatient clinical duties, limited inpatient consultations and career development activities in research and education.

Practicing at Mayo Clinic provides a rewarding career that promotes excellence in patient-centered care. You can thrive in an environment that supports innovation and has a wealth of resources available to you – including an integrated EMR and collaboration with top specialists – to give your patients the quality of care you want to achieve.

MAYO CLINIC has again been recognized as the best hospital in the nation for 2018-2019 by U.S. News and World Report. Our multi-disciplinary group practice focuses on providing high quality, compassionate medical care. We are the largest integrated, not-for-profit medical group practice in the world with approximately 3,800 physicians and scientists across all locations working in a unique environment that brings together the best in patient care, groundbreaking research and innovative medical education. Mayo Clinic Health System connects Mayo Clinic’s respected expertise with Mayo’s community focused multi-specialty groups in 75 communities.

We offer a highly competitive compensation package, which includes exceptional benefits, and have consistently been ranked by FORTUNE magazine as one of the top 100 “Best Companies to Work For”.
