The poster hall location is in the Convention Center, Lobby Level, Hall 2.

Poster Preparation Guidelines

The following are poster preparation guidelines for authors whose abstract was accepted for poster presentation at the 2023 Annual Meeting.

The usable space on the 4ft x 8ft poster boards is 45” high x 94” wide (Landscape orientation). This is the surface space in which one could insert a push pin/tack. The following guidelines are recommended when organizing your poster:

- Posters should be readable by viewers from up to five feet away.
- The message should be clear and understandable without oral explanation.
- Illustrations, labels, etc. must be attached to the poster board with thumbtacks, which will be available in the poster area.
- A label indicating the abstract number, abstract title, author and the affiliation should be placed at the top of the poster board, to the right of the abstract if you choose to attach a copy of the abstract.
- A label listing the funding source(s) must be displayed in the lower right-hand corner of the poster board. Please do **NOT** use any logos on your posters that pertain to industry.

As you plan the content of your poster, feel free to consider this alternative poster format that has been introduced recently:
